### **Hazardous Waste Enforcement**

4) Order Type and Number: Consent Order 05-01-HW  
Order Date: January 20, 2005  
Respondent: **Palmetto Plating Company**  
Facility: Palmetto Plating Company  
Location/Mailing Address: 510 Saco Lowell Road  
Easley, South Carolina 29641  
County: Pickens  
Previous Orders: 02-17-HW(\$23,280);  
04-019-A(\$18,000)  
Permit/ID Number: SCR 000 004 739  
Violations Cited: The South Carolina Hazardous  
Waste Management Act §44-56-130(2) and the South Carolina Hazardous  
Waste Management Regulations 61-79.34(a), R.61-  
79.262.34(a)(4)/265.35, R.61-79.262.41(a)(5), and R.61-79.262.34(c)(1).

Summary: Palmetto Plating Company (Respondent), located in Easley, South Carolina, is a metal finishing facility that chromates aluminum and anodizes aluminum and stainless steel. The Respondent has violated the Hazardous Waste Management Regulations as follows: failure to accumulate hazardous waste onsite for 90 days or less without a permit or without having interim status; failure to maintain aisle space to allow the unobstructed movement of personnel, fire protection equipment, spill control equipment, and decontamination equipment; failure to prepare and submit a written report to the Department including, but not limited to, a description, the hazardous waste number, DOT hazardous class, and quantity of each hazardous waste shipped offsite; and, failure to accumulate no more than 55 gallons of hazardous waste or one quart of acutely hazardous waste at or near any point of generation where wastes initially accumulate.

Action: The Respondent has agreed to: ensure compliance with the South Carolina Hazardous Waste Management Act and Regulations; ensure that no waste is stored onsite for greater than 90 days without first obtaining either an extension to the 90 day period or a permit from the Department; ensure that aisle space is maintained in the hazardous waste storage area to allow the unobstructed movement of personnel, fire protection equipment, spill control equipment, and decontamination equipment to any area of facility; ensure that the contingency

plan describes evacuation routes, and alternate evacuation routes; ensure that quarterly reports are submitted to the Department and include all manifested hazardous waste shipped for offsite disposal; ensure that no greater than 55 gallons of hazardous waste is stored at or near any point of generation where wastes initially accumulate; perform maintenance on the floor in the hazardous waste storage area to ensure that it remains impervious to contain leaks, spills, and accumulated precipitation; and, ensure that Palmetto Plating does not accept into its possession any drum that is bulging or that is otherwise in poor condition. The Department assessed a civil penalty in the amount of twenty thousand dollars **(\$20,000.00)**. This amount was **suspended** due to financial hardship. Upon completion of all Order requirements the penalty will be waived.
